ROAD CONSTRUCTION

The Physical Plant asks that the Gallaudet community bear with them during the construction of Dorm V and the new KDES. The road that passes Kendall School is now a construction road for the Dorm V site.

If everyone would use one of the other entrances to the campus it would eliminate the congested flow and possible delay that otherwise may be expected along this road for the next eight months.

RECENT GIFTS TO THE COLLEGE

The following contributions from foundations and various individuals have recently been received by the College:

- \$3,750 from the Educational Contribution Program of the American Broadcasting Company, Inc., for the School of Communication.

AND YOUR NAME IS JONAH

Sunday, January 28, 9:00 p.m.
Channel 9, CBS-TV

Jeff, the nine-year-old son of Gallaudet alumni Phil and Judy Bravin, made his acting debut in And Your Name Is Jonah, a film specially made for television. In the title role, Jeff, who is deaf himself, was cast as a deaf child who was misdiagnosed as mentally retarded. His family struggles hopelessly to make up for lost time and opportunity until Sally Struthers, as the mother of "Jonah," meets some deaf adults and --rare and wondrous phenomenon!--actually asks for their advice.

Bernard Bragg, who coached Jeff and acted as technical advisor for the film as well as playing a part in it himself, describes And Your Name Is Jonah as very truthful, never once maudlin or sentimental.

Articles written about this film can be found in the following periodicals:

- Life magazine, February issue.
- TV Guide, January 20-26 and January 27-February 2.
- People magazine, January 29 and February 5.

ENERGY TIPS FROM JIM HULL

"You have seen it all before but with escalating energy costs, it is worth reminding you once again.

HERE'S HOW TO SAVE ENERGY AT HOME!

1. Turn lights, tv's, radios and other appliances off when rooms are vacant.
2. When baking, prepare several dishes at the same time.
3. Before placing hot foods in the refrigerator, allow them to cool partially.
4. Keep refrigerator and freezer doors closed. Open them only when necessary and don't leave them standing open.
5. Operate the clothes washer and dishwasher with full loads. Use cold water whenever possible.

"Have a good week and watch for more tips next week!"

TOURS

The VIII World Congress of the World Federation of the Deaf will use as its theme, "Deaf People in Modern Society," at its meeting in Varna, Bulgaria, June 20--27, 1979.

In an effort to facilitate the involvement of American deaf individuals, the NAD is sponsoring two tours, one lasting 22 days and the other 14 days.

For information concerning these tours contact NAD/Eastern Europe Extravaganza, KOCH OVERSEAS, 206 E. 86th St., New York, New York, 10028.

AMONG OURSELVES

--An article written by Jo Israelson, KDES Primary Department Instructor, was recently published in the Winter 1979 issue of "Teaching Exceptional Children." The four page piece, entitled, "The Eyes Have It, or Superheroes = Superlanguage," deals with a unit on "superpeople" developed by Jo for use in her classroom.

--Horace Reynolds has returned from sabbatical leave and has resumed his duties as chairman of the Department of Psychology.

ON THE GREEN is published each week by the Office of Alumni and Public Relations for the faculty and staff of Gallaudet College.
